Refer Friend & Reward Points

Refer Friend & Reward Points

This extension supports customers to earn points through the sign up on your website and can invite friends via email to visit your web store and for referral registering on your website. The customer can redeem reward point as a discount on the product on the store. This extension is easy to use for the customer and manageable by admin easily. This extension uses a simple mechanism and is considered to be the most powerful referral system for Magento2.

Configurable to an extension after installing your website:

Please follow given step and screen-shots:
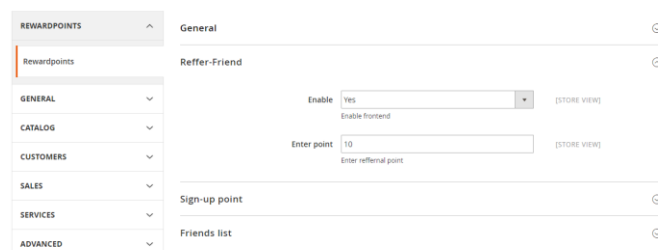

Step1: Admin Configuration Setting.

a)

b)

c)

d)
